- Important information
- Read carefully
- Follow each step of the instruction carefully
- Keep this information for further reference

## WARNING

- Ensure the base is securely aligned before fastening to prevent misalignment or instability.
- Do not overtighten screws, as this may damage the wood of the shelf.
- Assemble on a flat, stable surface to avoid tipping or uneven installation.
- Keep hands clear of pinch points when attaching the base.
- Follow the weight capacity of 19kg per KaliCrate Drawer.
- Avoid opening multiple drawers at once as this may cause tipping of the shelf if not mounted securely.
- To prevent tipping over, the unit must be secured to the wall.
