Warnings & Safety Instructions:

- Suitable for children who can sit unaided, up to 15 kg.
- Only use on stable adult chairs with a flat seat and full backrest.
- Secure both chair straps tightly before placing the child in the seat.
- Always use the harness; adjust it to fit snugly.
- Never leave a child unattended in the booster seat.
- Place chair on a flat, stable surface - not on uneven or sloped floors.
- Not suitable for use in cars, as a highchair, or as a climbing aid.
- Do not use for children under 6 months.
- Check for damage or loose parts before each use.
- Do not allow children to play with the seat or straps.
- Keep all packaging away from children - risk of suffocation.
- Do not overload the storage compartment.
- Always close the storage flap before use.
- Only adults should adjust or fold the seat.
- Keep away from open flames and heat sources. Clean with a damp cloth and mild detergent only.

Care & Maintenance:

- Clean with a damp cloth and mild detergent only.
- Do not use solvents, ammonia, or benzene.
- Dry all metal parts thoroughly after cleaning or exposure to water.
- Always store in a dry place.
- Do not store while wet or in damp environments.

Assembly:

1. Place the seat on chair with the zipped opening facing outward. Unclip the shoulder strap, wrap each end under the seat base and tighten until there is no slack. Open flap of the booster seat revealing the buckles and webbing.
2. Wrap seat-back strap behind chair and fasten buckle. Remove any slack. Wrap seat-bottom strap underneath chair and fasten buckle. Remove any slack. Once fitted, check booster seat is firmly fixed to the chair.
3. Once booster seat is firmly attached to the chair, unclip child harness belt and place child in the seat with legs positioned on either side of the panel. Buckle harness belt and ensure strap is secure and comfortable.
